ONTARIO LIGHTHOUSE DIVISION.

(375) COUNTY OF VAUDREUIL—LAKE ST. LOUIS—SOULANGES CANAL, LOWER ENTRANCE—AIDS TO NAVIGATION.

The Soulanges canal at its lower end rejoins the river at Cascades point, where the westernmost mouth of the Ottawa river enters the river St. Lawrence at the upper end of Lake St. Louis. The axis of the canal where it enters the lake bears N. 78° 12′ E.

Outside or east of the lowest lock on the canal the north pier extends 500 feet. The south pier projects 850 feet beyond this point. At the end of the north pier the canal entrance is 150 feet wide.

Light on south pier head.—The eastern end of the south pier head, at the entrance, is marked by an occulting gas light shown from the summit of an open work pyramidal steel structure. The frame rises 21½ feet above the pier.

The light is elevated 34 feet above the summer level of the lake and should be visible four miles from all points of approach. The illuminant is compressed gas, but the light is watched. The light is white and shows a steady light for 8 seconds, and is totally occulted for 4 seconds, alternately.

Light on north pier head.—On the eastern extremity of the north pier head a fixed red light is shown from an iron lighthouse tower, circular in plan, surmounted by a circular metal lantern. The building is painted white, with the lantern roof red. The height of the tower from the top of its concrete foundation to the vane on the lantern, is 29½ feet.

The light is elevated 37 feet above the summer level of the lake and should be visible 2 miles in the line of range. The illuminant is compressed gas, but the light is watched. The illuminating apparatus is catoptric.

Back range light.—A similar light, shown from a similar tower, is maintained on the north bank of the canal, north of the second lock, and distant 1826 feet S. 78° 12′ W. from the last described light.

The tower is 45½ feet high and the fixed red light is elevated 59 feet above the summer level of the lake. The light should be visible 2 miles in the line of range.

These two fixed red lights, in one, lead into the canal from the most westerly of the three gas buoys indicating the north side of the channel between the point where the channel leaves the alignment of the Beauharnois range lights and the axis of the canal.

Gas buoys.—The westernmost gas buoy indicated above, is located 2900 feet N. 78° 12′ E. from the front range light, in the alignment of the lights and in the axis of the canal produced.

The most easterly of the three gas buoys is moored in the alignment of the Beauharnois range lights distant 12,650 feet N. 65° 5′ E. from the front light, and 2¼ miles N. 76° W. from the most westerly buoy.

The middle gas buoy is moored in line with the two above described and distant 8270 feet S. 76° E. from the western gas buoy.

The three gas buoys carry conical cages, are painted red, and show fixed white lights.

(378) CAPE BRETON—LOUISBURG HARBOUR—BUOYAGE.

In consequence of the extensive use of Louisburg as a coal shipping port and coaling station, steamers now resort to it throughout the year, and for their convenience it has been found necessary to maintain the

harbour buoys in the winter. These buoys are therefore now maintained in position all the year round.

The whistling buoy and bell buoy outside the entrance to Louisburg harbour are now removed in January or February of each winter, and replaced in position in the spring of the year. When they are lifted for the winter they are replaced by spar buoys 60 feet long, painted to conform to the International rules for buoyage.

The note on Admiralty chart No. 2692, plan of Louisburg harbour, should be corrected in accordance with these change.

(379) Atlantic Ocean—Sable island bank—Uncharted rock.

Capt. Alben Geel of the schooner "Maxine Elliott," reports the existence of an uncharted ledge to the northward of the western end of Sable island west bar.

He describes the ledge as a stone peak 250 feet long, lying northeast and southwest, by 50 feet wide, with a least depth of water over it of 2½ fathoms, and dropping off at the edge into 37 fathoms. The ledge is flat, with sides nearly perpendicular.

The ledge is described both as being in

Lat. N. 44° 10'
Long. W. 60 25

and as being between 20 and 21 miles N.W. by N. of the west end of Sable island lighthouse.

There is a discrepancy between these two positions when plotted on Admiralty chart No. 1651, but both make the site of the ledge come northward of the western end of Sable island west bar, where it would be a menace to fishing vessels and to vessels rounding the west end of the island. It is, however, out of the line of ocean travel.

(381) West coast—Sound of Iona—Decreased depth on rocky patch.

Information dated 27th October, 1902, has been received from Captain Mostyn Field, H.M. surveying vessel "Research," that an examination of the 2½-fathom patch, eastward of the town of Iona, which was reported by Mr. Kirkwood, master of the steam yacht "Oriental," to have less water over it, shows that a least depth of 9 feet at low water springs exists in a position from which Iona cathedral tower bears N. 60° W., distant $3\frac{6}{10}$ cables, and Iona free church S. 72° W. The shape of this shoal within the 3-fathom contour line is nearly square, about one cable in extent.

AVIS DU GOUVERNEMENT.

AVIS AUX PERSONNES PROJETANT DE VISITER LE TRANSVAAL OU LA COLONIE DE LA RIVIÈRE ORANGE.

AVIS est donné au public que des permis sont encore nécessaires pour entrer dans le Transvaal ou la colonie de la Rivière Orange, sauf pour les personnes exemptes aux termes de l'ordonnance citée plus bas. Ces permis sont délivrés à tous les ports de la côte dans l'Afrique Australe britannique, à Bulawayo et à Lourenço Marques.

On conseille à ceux qui ont l'intention de visiter les nouvelles colonies d'expédier leurs demandes de permis au moins une semaine avant leur départ, afin que les permis puissent être prêts à leur arrivée et ainsi éviter des retards et des ennuis.

Les sujets britanniques doivent adresser leurs demandes au Secrétaire des Permis au port de destination.

Les étrangers doivent transmettre leurs demandes par l'entremise de leurs représentants consulaires.

Les personnes qui passent *vid* Baie Delagoa doivent adresser leurs demandes au consul général de Sa Majesté britannique, Lourenço Marques.

On peut obtenir des formules de demande au Secrétariat d'Etat, Ottawa.

L'extrait suivant de l'Ordonnance concernant le maintien de la paix, Transvaal, est publié pour renseignement. Les termes de l'Ordonnance concernant le maintien de la paix, colonie de la Rivière Orange, articles 19 à 23, sont *mutatis mutandis* identiques :—

" 19.—Après la date de la présente ordonnance personne n'entrera dans cette colonie sans un permis accordé en vertu des termes de la présente ordonnance, à moins—

(*a*) Qu'il ait résidé et ait été dans cette colonie ou la colonie de la Rivière Orange le 31 de mai 1902, et n'ait pas depuis cette date été expulsé de cette colonie ou de la colonie de la Rivière Orange, ni reçu ordre de la quitter.

(*b*) Qu'il ait depuis le 31 mai 1902, et avant la date de la présente ordonnance reçu de quelque autorité dûment constituée un permis ou autre autorisation formelle d'entrer dans cette colonie.

(*c*) D'être une personne tombant sous les dispositions de l'article 2 des termes de capitulation signés à Prétoria le 31 de mai 1902, et publiés dans l'extra de la *Gazette*, daté le 3 de juin 1902.

(*d*) D'être une personne employée dans la marine ou le service militaire de Sa Majesté, ou dans le service civil ou dans un corps de police de cette colonie, ou la colonie de la Rivière Orange.

" 20.—Les permis pour entrer dans la colonie en vertu de la présente ordonnance seront accordés par les personnes autorisées à cet effet par le Gouverneur, et seront dans la forme fixée par le Gouverneur.

Nul tel permis ne sera accordé à aucune personne qui ayant été un burgher de la République Sud-africaine ou de l'Etat Libre d'Orange n'a pas prêté de serment d'allégeance à Sa Majesté, ou fait quelque déclaration au même effet en la forme approuvée par le Gouverneur. Dans tous les autres cas il sera loisible au Gouverneur d'accorder ou de refuser un permis.

" 21.—Il sera loisible au Secrétaire colonial, s'il a raison de croire qu'une personne demeure ou séjourne dans cette colonie après y être entrée sans l'autorisation voulue, d'en donner avis au magistrat résident, et là-dessus ce magistrat sommera cette personne de comparaître devant lui, et si cette personne manque de convaincre le magistrat qu'elle a obtenu un permis en vertu de la présente ordonnance, ou qu'elle est exempte en vertu des dispositions de l'article 19 d'obtenir ce permis, le magistrat donnera un ordre écrit enjoignant à cette personne de quitter la colonie sous sept jours, à moins qu'avant l'expiration de ce temps elle n'ait reçu permission par écrit du Secrétaire colonial de rester dans la colonie ; cette permission aura le même effet qu'un permis en vertu de la présente ordonnance.

" 22.—(1) Si une personne qui a reçu un pareil ordre est trouvée dans la colonie après l'expiration de sept jours de la signification de l'ordre sans avoir obtenu la permission du Secrétaire colonial comme susdit, elle pourra être arrêtée et amenée devant un magistrat, et sur conviction elle sera emprisonnée pendant une période d'au moins un mois et d'au plus six mois et avec ou sans une amende n'excédant pas £500, et à défaut de paiement à un autre terme d'emprisonnement n'excédant pas six mois.

(2) Si une personne emprisonnée en vertu des termes de l'article précédent reste dans la colonie plus longtemps que sept jours après l'expiration de son terme d'emprisonnement, ou terme subséquent d'emprisonnement infligé en vertu du présent article, sans obtenir la permission par écrit du Secrétaire colonial de rester dans la colonie, elle pourra être arrêtée et amenée devant un magistrat, et sera sur conviction emprisonnée avec ou sans travaux forcés pendant une période d'au moins six mois et pas plus de douze mois et avec ou sans une amende n'excédant pas £500, et à défaut de paiement à un autre terme d'emprisonnement n'excédant pas six mois.

"23.—Toute personne qui entre dans cette colonie en vertu d'un permis qui n'a pas été délivré par l'autorité voulue, ou obtenu par elle frauduleusement, sera passible d'emprisonnement avec ou sans travaux forcés pendant une période n'excédant pas deux ans, ou à une amende n'excédant pas £500, ou à ces deux peines l'emprisonnement et l'amende."

DEMANDES AU PARLEMENT.

RÈGLES *in re* AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bills privés, proprement du ressort législatif du l'arlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque chambre, et porter à l'enclos " Demande de bill privé."

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de $200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de $200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

ORDERS IN COUNCIL.

[Ref. 745,075.]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Friday, the 12th day of December, 1902.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 5th December, 1902, from the Minister of the Interior, submitting, with reference to an application addressed to him by the Canadian North West Irrigation Company, with regard to their desire to enlarge their present irrigation system, as follows :—

That in order to enable this company to proceed with the enterprise, they desire to purchase 500,000 acres within the lands described in the attached schedule, at the usual price of $3.00 par acre fixed by the

regulations for the disposal of lands for reclamation by irrigation, the company to be allowed a credit up to sixty cents per acre upon the purchase price for one-half of the expenditure made in connection with their original enterprise, which amounts to $612,-403.81 as per audit which has been submitted ; and a credit up to one dollar and forty cents per acre for the amount expended in completing the proposed extension and enlargement of the undertaking, the water privileges for which have been secured under the provisions of The Irrigation Act.

That the extension of the undertaking will involve large expenditures in enlarging their present system of canals.

The Minister therefore recommends that the application of the company be granted on the following conditions :—

That the company make a deposit of $25,000 forthwith as an evidence of good faith.

That the company begin the survey during the season of 1903, and expend not less than $150,000 within three years from this date, on the enlargement and extension of the company's system, including surveys.

That the land be paid for as follows :—

500,000 acres at $3.00 per acre.....	$1,500,000
Credited in respect to one-half of the expenditure already made....	300,000
Credited in respect to new expenditures including surveys to be made in completing the proposed extension to the extent of.....	700,000

$500,000 to be paid in ten equal instalments of $50,000 each, the first of which shall be paid on the 1st day of December, 1907, with interest at five per cent per annum from the 1st day of December, 1905, on the principal from time to time remaining unpaid.

That the company shall have the privilege of making payments at any time on account of the balance remaining unpaid.

That in the event of the company desiring to complete the purchase and take title for any part of the 500,000 acres after not less than $50,000 has been expended in connection with the proposed works, payment at the rate of $3.00 par acre for such parcel shall be made as follows :—

By payment or application of payments already made to the Government of $1.00 per acre.

By application of credit in respect to the original expenditures at the rate of 60c. per acre.

By application of credit in respect to new expenditures at the rate of $1.40 per acre.

That before patents issue for any parcels as above the Department of the Interior must be satisfied by the report of its engineer that the amount of at least $1.40 per acre of such parcel has been expended in connection with the works contemplated by the proposed scheme.

That the maximum price for lands within the 500,000 acre tract shall be fixed at $5.00 per acre exclusive of water privileges, and any of the lands within the tract not sold at the expiration of fifteen years shall revert to the Crown.

That all squatters at present located within the area set apart shall be protected and have the right to make homestead entry for the land on which they are living.

That leaseholders within the tract shall be notified that their leases will be cancelled in two years in accordance with the clause in lease providing for same.

That the granting of this application will not interfere in any way with the rights of the Minister under The Irrigation Act to fix the prices governing the sale of water, he having been advised that he has full and absolute control of the rates to be charged both for water rights and water rates in connection with all irrigation schemes, and over by-laws already approved by him.

That an agreement shall be entered into with the company embodying the terms of this proposal.

The Committee submit the same for approval.

JOHN J. McGEE,
28–4 Clerk of the Privy Council.

ON a Memorandum dated 12th December, 1902, from the Minister of the Interior, submitting with reference to the application made by the Canadian Pacific Railway Company for permission to acquire the land necessary for the right of way and one ballast pit in certain School Sections, that under the provisions of The Railway Act, railway companies may acquire the land necessary in School Sections for the right of way and other purposes of the railway on such terms as the Governor in Council may prescribe, and the practice has been in regard to other applications of this kind to sell the land at a valuation made by the Department of the Interior, and approved by the Governor General in Council.

The tower was also decreased in height so that it is now only 13 feet high. The light is elevated 15 feet above high water mark and should be visible 8 miles in the line of range.

AVIS AUX PERSONNES PROJETANT DE VISITER LE TRANSVAAL OU LA COLONIE DE LA RIVIÈRE ORANGE.

AVIS est donné au public que des permis sont encore nécessaires pour entrer dans le Transvaal ou la colonie de la Rivière Orange, sauf pour les personnes exemptes aux termes de l'ordonnance citée plus bas. Ces permis sont délivrés à tous les ports de la côte dans l'Afrique Australe britannique, à Bulawayo et à Lourenço Marques.

On conseille à ceux qui ont l'intention de visiter les nouvelles colonies d'expédier leurs demandes de permis au moins une semaine avant leur départ, afin que les permis puissent être prêts à leur arrivée et ainsi éviter des retards et des ennuis.

Les sujets britanniques doivent adresser leurs demandes au Secrétaire des Permis au port de destination.

Les étrangers doivent transmettre leurs demandes par l'entremise de leurs représentants consulaires.

Les personnes qui passent *viâ* Baie Delagoa doivent adresser leurs demandes au consul général de Sa Majesté britannique, Lourenço Marques.

On peut obtenir des formules de demande au Secrétariat d'Etat, Ottawa.

L'extrait suivant de l'Ordonnance concernant le maintien de la paix, Transvaal, est publié pour renseignement. Les termes de l'Ordonnance concernant le maintien de la paix, colonie de la Rivière Orange, articles 19 à 23, sont *mutatis mutandis* identiques :—

"19.—Après la date de la présente ordonnance personne n'entrera dans cette colonie sans un permis accordé en vertu des termes de la présente ordonnance, à moins—

(*a*) Qu'il ait résidé et ait été dans cette colonie ou la colonie de la Rivière Orange le 31 de mai 1902, et n'ait pas depuis cette date été expulsé de cette colonie ou de la colonie de la Rivière Orange, ni reçu ordre de la quitter.

(*b*) Qu'il ait depuis le 31 mai 1902, et avant la date de la présente ordonnance reçu de quelque autorité dûment constituée un permis ou autre autorisation formelle d'entrer dans cette colonie.

(*c*) D'être une personne tombant sous les dispositions de l'article 2 des termes de capitulation signés à Prétoria le 31 de mai 1902, et publiés dans l'extra de la *Gazette*, daté le 3 de juin 1902.

(*d*) D'être une personne employée dans la marine ou le service militaire de Sa Majesté, ou dans le service civil ou dans un corps de police de cette colonie, ou la colonie de la Rivière Orange.

"20.—Les permis pour entrer dans la colonie en vertu de la présente ordonnance seront accordés par les personnes autorisées à cet effet par le Gouverneur, et seront dans la forme fixée par le Gouverneur.

Nul tel permis ne sera accordé à aucune personne qui ayant été un burgher de la République Sud africaine ou de l'Etat Libre d'Orange n'a pas prêté de serment d'allégeance à Sa Majesté, ou fait quelque déclaration au même effet en la forme approuvée par le Gouverneur. Dans tous les autres cas il sera loisible au Gouverneur d'accorder ou de refuser un permis.

"21.—Il sera loisible au Secrétaire colonial, s'il a raison de croire qu'une personne demeure ou séjourne dans cette colonie après y être entrée sans l'autorisation voulue, d'en donner avis au magistrat résident, et là dessus ce magistrat sommera cette personne de comparaître devant lui, et si cette personne manque de convaincre le magistrat qu'elle a obtenu un permis en vertu de la présente ordonnance, ou qu'elle est exempte en vertu des dispositions de l'article 19 d'obtenir ce permis, le magistrat donnera un ordre écrit enjoignant à cette personne de quitter la colonie sous sept jours, à moins qu'avant l'expiration de ce temps elle n'ait reçu permission par écrit du Secrétaire colonial de rester dans la colonie ; cette permission aura le même effet qu'un permis en vertu de la présente ordonnance.

"22.—(1) Si une personne qui a reçu un pareil ordre est trouvée dans la colonie après l'expiration de sept jours de la signification de l'ordre sans avoir obtenu la permission du Secrétaire colonial comme susdit, elle pourra être arrêtée et amenée devant un magistrat, et sur conviction elle sera emprisonnée pendant une période d'au moins un mois et d'au plus six mois et avec ou sans une amende n'excédant pas £500, et à défaut de paiement à un autre terme d'emprisonnement n'excédant pas six mois.

(2) Si une personne emprisonnée en vertu des termes de l'article précédent reste dans la colonie plus longtemps que sept jours après l'expiration de son terme d'emprisonnement, ou terme subséquent d'emprisonnement infligé en vertu du présent article, sans obtenir la permission par écrit du Secrétaire colonial de rester dans la colonie, elle pourra être arrêtée et amenée devant un magistrat, et sera sur conviction emprisonnée avec ou sans travaux forcés pendant une période d'au moins six mois et pas plus de douze mois et avec ou sans une amende n'excédant pas £500, et à défaut de paiement à un autre terme d'emprisonnement n'excédant pas six mois.

"23.—Toute personne qui entre dans cette colonie en vertu d'un permis qui n'a pas été délivré par l'autorité voulue, ou obtenu par elle frauduleusement, sera passible d'emprisonnement avec ou sans travaux forcés pendant une période n'excédant pas deux ans, ou à une amende n'excédant pas £500, ou à ces deux peines l'emprisonnement et l'amende."

Dans le cas de toute demande de bills privés, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Dans la *Gazette du Canada* en anglais et en français ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque chambre, et porter à l'enclos " Demande de bill privé."

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. L'honoraire de $200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

ORDERS IN COUNCIL.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Monday, the 22nd day of December, 1902.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

THE Governor General in Council is pleased to order that clauses 1 and 2 of the Regulations governing the disposition of Dominion Lands in Manitoba, the North West Territories and the Yukon Territory, containing petroleum, established by the Order in Council of the 31st May, 1901, shall be and the same are hereby rescinded, and the following substituted therefor :—

1. All unappropriated Dominion Lands in Manitoba, the North West Territories and within the Yukon Territory shall be open to prospecting for petroleum by an individual or company desiring to do so. In case there should arise any dispute as to whether lands are or are not unappropriated, the question shall be decided by the Minister of the Interior whose decision shall be final. Provided, however, that the Minister may reserve for an individual or company who have machinery on the land to be prospected, an area of 640 acres of such shape as the Minister may approve of, and that the reservation may be made for such period as he may decide.

2. Should oil in paying quantities be discovered by a prospector on any vacant lands of the Crown, and

should such discovery be established to the satisfaction of the Minister of the Interior, an area not exceeding 640 acres of land, including the oil well and such other land as may be determined by the Minister of the Interior, will be sold to the person or company making such discovery at the rate of $1.00 per acre.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 3rd day of January, 1903.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Memorandum, dated 26th December, 1902, from the Minister of the Interior, stating that in the years 1892 and 1893, Messrs. John Mounce, John Morrison, Donald McLean and the Corporation of the City of Vancouver, B.C., purchased at the rate of $5.00 per acre certain fractional portions of land in sections 4, 5 and 8, Township 40, New Westminster District, for the purpose of rendering them fit for cultivation by dyking, portions of the lands so purchased were subsequently released by the purchasers, being required in connection with the Coquitlam Dyke. Part payments have been made by the purchasers and it has been represented to the Minister of the Interior that, owing to the fact that the work of dyking has been far more expensive than originally contemplated prior to the high water of 1894, and that much expenditure will still be required for under-draining the lands, it would be fair and reasonable to reduce the price to be paid by the purchasers.

The Minister, on the advice of the Agent of Dominion lands at New Westminster, recommends that he be authorized to issue patents to the purchasers on completion of the purchase money at the reduced rate of $2.50 per acre, the particulars in each case being as follows :—

John Mounce, legal subdivisions 15 and 16 of Section 5 and fractional legal subdivision 13 of Section 4, Township 40, East Coast Meridian, 76.20 acres.

John Morrison, that portion of the South-east quarter of Section 8 lying South of the DeBoville slough and East of slough Number 6, in Township 40, East of the Coast Meridian, 60.25 acres.

Donald McLean that portion of the South-east quarter of Section 8, lying North of the DeBoville slough, and West of slough No. 6, in Township 40, East Coast Meridian, 59.50 acres.

Corporation of the City of Vancouver, the fractional South-east quarter of Section 5, Township 40, East Coast Meridian, 65 acres.

The Committee submit the same for approval.

ON a Memorandum dated 18th November, 1902, from the Minister of the Interior, stating that the authorities of the Methodist Church at Dawson, acting under the authority of the officials of the Department of the Interior, have erected a church building on a lot in the Townsite of Dawson surveyed by Mr. Paul T. C. Dumais, D.L.S., as Block "D" of the Subdivision of Lot 1, Group 2.

The Minister recommends, as the Church authorities have made application for a title to this lot, and as they have paid the regular patent fee of $10.00 that a patent be issued in favour of Messrs. John Kerr Sparling, John R. Gray, Alfred G. Cunningham, Frederick A. H. AT THE GOVERNMENT HOUSE AT OTTAWA.

Friday, the 12th day of December, 1902.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 5th December, 1902, from the Minister of the Interior, submitting, with reference to an application addressed to him by the Canadian North West Irrigation Company, with regard to their desire to enlarge their present irrigation system, as follows :—

That in order to enable this company to proceed with the enterprise, they desire to purchase 500,000 acres within the lands described in the attached schedule, at the usual price of $3.00 par acre fixed by the

regulations for the disposal of lands for reclamation by irrigation, the company to be allowed a credit up to sixty cents per acre upon the purchase price for one-half of the expenditure made in connection with their original enterprise, which amounts to $612,-403.81 as per audit which has been submitted; and a credit up to one dollar and forty cents per acre for the amount expended in completing the proposed extension and enlargement of the undertaking, the water privileges for which have been secured under the provisions of The Irrigation Act.

That the extension of the undertaking will involve large expenditures in enlarging their present system of canals.

The Minister therefore recommends that the application of the company be granted on the following conditions :—

That the company make a deposit of $25,000 forthwith as an evidence of good faith.

That the company begin the survey during the season of 1903, and expend not less than $150,000 within three years from this date, on the enlargement and extension of the company's system, including surveys.

That the land be paid for as follows :—

500,000 acres at $3.00 per acre.....	$1,500,000
Credited in respect to one-half of the expenditure already made....	300,000
Credited in respect to new expenditures including surveys to be made in completing the proposed extension to the extent of.....	700,000

$500,000 to be paid in ten equal instalments of $50,000 each, the first of which shall be paid on the 1st day of December, 1907, with interest at five per cent per annum from the 1st day of December, 1905, on the principal from time to time remaining unpaid.

That the company shall have the privilege of making payments at any time on account of the balance remaining unpaid.

That in the event of the company desiring to complete the purchase and take title for any part of the 500,000 acres after not less than $50,000 has been expended in connection with the proposed works, payment at the rate of $3.00 par acre for such parcel shall be made as follows :—

By payment or application of payments already made to the Government of $1.00 per acre.

By application of credit in respect to the original expenditures at the rate of 60c. per acre.

By application of credit in respect to new expenditures at the rate of $1.40 per acre.

That before patents issue for any parcels as above the Department of the Interior must be satisfied by the report of its engineer that the amount of at least $1.40 per acre of such parcel has been expended in connection with the works contemplated by the proposed scheme.

That the maximum price for lands within the 500,000 acre tract shall be fixed at $5.00 per acre exclusive of water privileges, and any of the lands within the tract not sold at the expiration of fifteen years shall revert to the Crown.

That all squatters at present located within the area set apart shall be protected and have the right to make homestead entry for the land on which they are living.

That leaseholders within the tract shall be notified that their leases will be cancelled in two years in accordance with the clause in lease providing for same.

That the granting of this application will not interfere in any way with the rights of the Minister under The Irrigation Act to fix the prices governing the sale of water, he having been advised that he has full and absolute control of the rates to be charged both for water rights and water rates in connection with all irrigation schemes, and over by-laws already approved by him.

That an agreement shall be entered into with the company embodying the terms of this proposal.

The Committee submit the same for approval.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

IL plaît au Gouverneur général en conseil d'ordonner que les clauses 1 et 2 des règlements concernant la vente des terres fédérales dans le Manitoba, les territoires du Nord-Ouest et le territoire du Yukon, contenant du pétrole, établis par l'arrêté en conseil du 31 mai 1901, soient et elles sont par le présent rescindées, et remplacées par les suivantes :—

1. Toutes terres fédérales vacantes dans le Manitoba, les territoires du Nord-Ouest et le territoire du Yukon seront ouvertes à un individu ou à une compagnie qui désirera y prospecter pour du pétrole. S'il s'élève quelque différend quant à savoir si les terres sont vacantes ou non, la question sera décidée par le ministre de l'Intérieur, et sa décision sera finale. Pourvu, toutefois, que le ministre pourra réserver pour un individu ou une compagnie qui a des machines sur le terrain à prospecter une étendue de 640 acres de la forme que le Ministre approuvera, et que la réserve pourra être faite pour la période qu'il décidera.

2. Si de l'huile en quantités payantes est découverte par un prospecteur sur des terres vacantes de la Couronne, et si cette découverte est établie à la satisfaction du Ministre de l'Intérieur, une étendue n'excédant pas 640 acres de terre, y compris le puits et tel autre terrain qui sera déterminé par le Ministre de l'Intérieur, sera vendu à la personne ou à la compagnie faisant cette découverte au taux de $1 l'acre.

Dans les provinces de Québec et du Manitoba.

Dans la *Gazette du Canada* en anglais et en français ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Toute personne désirant obtenir un bill privé devra dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. L'honoraire de $200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

49. Les pétitions pour bills privés ne seront reçues par la Chambre que pendant les trois premières semaines de la session, et les bills privés ne pourront être présentés à la Chambre que pendant les quatre premières semaines de la session ; et tout comité auquel aura été renvoyé un bill privé devra le prendre en considération et en faire rapport à la Chambre avec toute la diligence convenable.

ORDERS IN COUNCIL.

[Ref. 435,790.)

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 23rd day of December, 1902,

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS by section 51 of an Act to amend and consolidate The North-West Irrigation Acts of 1894 and 1895, assented to on the 13th June, 1898, it is provided that the Minister of the Interior may make such Orders as are deemed necessary from time to time to carry out the provisions of this Act, according to their true intent or to meet any cases which may arise and for which no provision is made in the Act ;

And whereas under the provisions of this section of The Irrigation Act the Minister of the Interior did, on the 1st July, 1898, prescribe certain regulations and forms which provided, among other things, for the granting of free right of way for any irrigation ditch or canal, or for the works in connection therewith, through any and all lands the title to which is vested in the Crown, and for the leasing at an annual rental of one cent an acre of Crown lands forming sites suitable for ponds, basins and reservoirs for the storage of water for irrigation purposes ;

And whereas applications have been made for right of way through Dominion Lands in the Province of British Columbia for irrigation ditches, and also for lands for reservoir sites, and as the Act above referred to applies only to the North-west Territories of Canada,—

Therefore the Governor General in Council, in accordance with and by virtue of the provisions of sub-section 4 of section 1 of chapter 56 of the Revised Statutes of Canada, is pleased to order and doth order that the Regulations governing the granting of free right of way for Irrigation Ditches and for leasing lands for reservoir sites, prescribed on the first day of July, 1898, before referred to, be made to apply also to Crown Lands situated in the Railway Belt in the Province of British Columbia.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 3rd day of January, 1903.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Memorandum, dated 26th December, 1902, from the Minister of the Interior, stating that in the years 1892 and 1893, Messrs. John Mounce, John Morrison, Donald McLean and the Corporation of the City of Vancouver, B.C., purchased at the rate of $5.00 per acre certain fractional portions of land in sections 4, 5 and 8, Township 40, New Westminster District, for the purpose of rendering them fit for cultivation by dyking, portions of the lands so purchased were subsequently released by the purchasers, being required in connection with the Coquitlam Dyke. Part payments have been made by the purchasers and it has been represented to the Minister of the Interior that, owing to the fact that the work of dyking has been far more expensive than originally contemplated prior to the high water of 1894, and that much expenditure will still be required for under-draining the lands, it would be fair and reasonable to reduce the price to be paid by the purchasers.

The Minister, on the advice of the Agent of Dominion lands at New Westminster, recommends that he be authorized to issue patents to the purchasers on completion of the purchase money at the reduced rate of $2.50 per acre, the particulars in each case being as follows :—

John Mounce, legal subdivisions 15 and 16 of Section 5 and fractional legal subdivision 13 of Section 4, Township 40, East Coast Meridian, 76.20 acres.

John Morrison, that portion of the South-east quarter of Section 8 lying South of the DeBoville slough and East of slough Number 6, in Township 40, East of the Coast Meridian, 60.25 acres.

Donald McLean that portion of the South-east quarter of Section 8, lying North of the DeBoville slough, and West of slough No. 6, in Township 40, East Coast Meridian, 59.50 acres.

Corporation of the City of Vancouver, the fractional South-east quarter of Section 5, Township 40, East Coast Meridian, 65 acres.

The Committee submit the same for approval.

JOHN J. McGEE,
29-4 Clerk of the Privy Council.

[Ref. 745,075.]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Friday, the 12th day of December, 1902.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 5th December, 1902, from the Minister of the Interior, submitting, with reference to an application addressed to him by the Canadian North West Irrigation Company, with regard to their desire to enlarge their present irrigation system, as follows :—

That in order to enable this company to proceed with the enterprise, they desire to purchase 500,000 acres within the lands described in the attached schedule, at the usual price of $3.00 par acre fixed by the regulations for the disposal of lands for reclamation by irrigation, the company to be allowed a credit up to sixty cents per acre upon the purchase price for one-half of the expenditure made in connection with their original enterprise, which amounts to $612,-403.81 as per audit which has been submitted ; and a credit up to one dollar and forty cents per acre for the amount expended in completing the proposed extension and enlargement of the undertaking, the water privileges for which have been secured under the provisions of The Irrigation Act.

That the extension of the undertaking will involve large expenditures in enlarging their present system of canals.

The Minister therefore recommends that the application of the company be granted on the following conditions :—

That the company make a deposit of $25,000 forthwith as an evidence of good faith.

That the company begin the survey during the season of 1903, and expend not less than $150,000 within three years from this date, on the enlargement and extension of the company's system, including surveys.

That the land be paid for as follows :—

500,000 acres at $3.00 per acre.....	$1,500,000
Credited in respect to one-half of the expenditure already made....	300,000
Credited in respect to new expenditures including surveys to be made in completing the proposed extension to the extent of.....	700,000

$500,000 to be paid in ten equal instalments of $50,000 each, the first of which shall be paid on the 1st day of December, 1907, with interest at five per cent per annum from the 1st day of December, 1905, on the principal from time to time remaining unpaid.

That the company shall have the privilege of making payments at any time on account of the balance remaining unpaid.

That in the event of the company desiring to complete the purchase and take title for any part of the 500,000 acres after not less than $50,000 has been expended in connection with the proposed works,

payment at the rate of $3.00 par acre for such parcel shall be made as follows :—

By payment or application of payments already made to the Government of $1.00 per acre.

By application of credit in respect to the original expenditures at the rate of 60c. per acre.

By application of credit in respect to new expenditures at the rate of $1.40 per acre.

That before patents issue for any parcels as above the Department of the Interior must be satisfied by the report of its engineer that the amount of at least $1.40 per acre of such parcel has been expended in connection with the works contemplated by the proposed scheme.

That the maximum price for lands within the 500,000 acre tract shall be fixed at $5.00 per acre exclusive of water privileges, and any of the lands within the tract not sold at the expiration of fifteen years shall revert to the Crown.

That all squatters at present located within the area set apart shall be protected and have the right to make homestead entry for the land on which they are living.

That leaseholders within the tract shall be notified that their leases will be cancelled in two years in accordance with the clause in lease providing for same.

That the granting of this application will not interfere in any way with the rights of the Minister under The Irrigation Act to fix the prices governing the sale of water, he having been advised that he has full and absolute control of the rates to be charged both for water rights and water rates in connection with all irrigation schemes, and over by-laws already approved by him.

That an agreement shall be entered into with the company embodying the terms of this proposal.

The Committee submit the same for approval.

JOHN J. McGEE,
28-4 Clerk of the Privy Council.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Memorandum dated 18th November, 1902, from the Minister of the Interior, stating that the authorities of the Methodist Church at Dawson, acting under the authority of the officials of the Department of the Interior, have erected a church building on a lot in the Townsite of Dawson surveyed by Mr. Paul T. C. Dumais, D.L.S., as Block "D" of the Subdivision of Lot 1, Group 2.

The Minister recommends, as the Church authorities have made application for a title to this lot, and as they have paid the regular patent fee of $10.00 that a patent be issued in favour of Messrs. John Kerr Sparling, John R. Gray, Alfred G. Cunningham, Frederick A. H. Fysh and George Ian Maclean, trustees of the Church and their successors in office, the patent, however, to provide that should the lot cease to be used as a church site it will revert to the Crown.

The Committee submit the same for approval.

ON a Memorandum dated 12th December, 1902, from the Minister of the Interior, submitting with reference to the application made by the Canadian Pacific Railway Company for permission to acquire the land necessary for the right of way and one ballast pit in certain School Sections, that under the provisions of The Railway Act, railway companies may acquire the land necessary in School Sections for the right of way and other purposes of the railway on such terms as the Governor in Council may prescribe, and the practice has been in regard to other applications of this kind to sell the land at a valuation made by the Department of the Interior, and approved by the Governor General in Council.

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

IL plaît au Gouverneur général en conseil d'ordonner que les clauses 1 et 2 des règlements concernant la vente des terres fédérales dans le Manitoba, les territoires du Nord-Ouest et le territoire du Yukon, contenant du pétrole, établis par l'arrêté en conseil du 31 mai 1901, soient et elles sont par le présent rescindées, et remplacées par les suivantes :—

1. Toutes terres fédérales vacantes dans le Manitoba, les territoires du Nord-Ouest et le territoire du Yukon seront ouvertes à un individu ou à une compagnie qui désirera y prospecter pour du pétrole. S'il s'élève quelque différend quant à savoir si les terres sont vacantes ou non, la question sera décidée par le ministre de l'Intérieur, et sa décision sera finale. Pourvu, toutefois, que le ministre pourra réserver pour un individu ou une compagnie qui a des machines sur le terrain à prospecter une étendue de 640 acres de la forme que le Ministre approuvera, et que la réserve pourra être faite pour la période qu'il décidera.

2. Si de l'huile en quantités payantes est découverte par un prospecteur sur des terres vacantes de la Couronne, et si cette découverte est établie à la satisfaction du Ministre de l'Intérieur, une étendue n'excédant pas 640 acres de terre, y compris le puits et tel autre terrain qui sera déterminé par le Ministre de l'Intérieur, sera vendu à la personne ou à la compagnie faisant cette découverte au taux de $1 l'acre.

Dans les provinces de Québec et du Manitoba.

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

L'honoraire de $200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 3rd day of January, 1903.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Memorandum, dated 26th December, 1902, from the Minister of the Interior, stating that in the years 1892 and 1893, Messrs. John Mounce, John Morrison, Donald McLean and the Corporation of the City of Vancouver, B.C., purchased at the rate of $5.00 per acre certain fractional portions of land in sections 4, 5 and 8, Township 40, New Westminster District, for the purpose of rendering them fit for cultivation by dyking, portions of the lands so purchased were subsequently released by the purchasers, being required in connection with the Coquitlam Dyke. Part payments have been made by the purchasers and it has been represented to the Minister of the Interior that, owing to the fact that the work of dyking has been far more expensive than originally contemplated prior to the high water of 1894, and that much expenditure will still be required for under-draining the lands, it would be fair and reasonable to reduce the price to be paid by the purchasers.

The Minister, on the advice of the Agent of Dominion lands at New Westminster, recommends that he be authorized to issue patents to the purchasers on completion of the purchase money at the reduced

rate of $2.50 per acre, the particulars in each case being as follows :—

John Mounce, legal subdivisions 15 and 16 of Section 5 and fractional legal subdivision 13 of Section 4, Township 40, East Coast Meridian, 76.20 acres.

John Morrison, that portion of the South-east quarter of Section 8 lying South of the DeBoville slough and East of slough Number 6, in Township 40, East of the Coast Meridian, 60.25 acres.

Donald McLean that portion of the South-east quarter of Section 8, lying North of the DeBoville slough, and West of slough No. 6, in Township 40, East Coast Meridian, 59.50 acres.

Corporation of the City of Vancouver, the fractional South-east quarter of Section 5, Township 40, East Coast Meridian, 65 acres.

The Committee submit the same for approval.

JOHN J. McGEE,
29-4 Clerk of the Privy Council.

[Ref. 745,075.]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Friday, the 12th day of December, 1902.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 5th December, 1902, from the Minister of the Interior, submitting, with reference to an application addressed to him by the Canadian North West Irrigation Company, with regard to their desire to enlarge their present irrigation system, as follows :—

That in order to enable this company to proceed with the enterprise, they desire to purchase 500,000 acres within the lands described in the attached schedule, at the usual price of $3.00 par acre fixed by the regulations for the disposal of lands for reclamation by irrigation, the company to be allowed a credit up to sixty cents per acre upon the purchase price for one-half of the expenditure made in connection with their original enterprise, which amounts to $612,403.81 as per audit which has been submitted ; and a credit up to one dollar and forty cents per acre for the amount expended in completing the proposed extension and enlargement of the undertaking, the water privileges for which have been secured under the provisions of The Irrigation Act.

That the extension of the undertaking will involve large expenditures in enlarging their present system of canals.

The Minister therefore recommends that the application of the company be granted on the following conditions :—

That the company make a deposit of $25,000 forthwith as an evidence of good faith.

That the company begin the survey during the season of 1903, and expend not less than $150,000 within three years from this date, on the enlargement and extension of the company's system, including surveys.

That the land be paid for as follows :—

500,000 acres at $3.00 per acre.....	$1,500,000
Credited in respect to one-half of the expenditure already made....	300,000
Credited in respect to new expenditures including surveys to be made in completing the proposed extension to the extent of.....	700,000

$500,000 to be paid in ten equal instalments of $50,000 each, the first of which shall be paid on the 1st day of December, 1907, with interest at five per cent per annum from the 1st day of December, 1905, on the principal from time to time remaining unpaid.

That the company shall have the privilege of making payments at any time on account of the balance remaining unpaid.

That in the event of the company desiring to complete the purchase and take title for any part of the 500,000 acres after not less than $50,000 has been expended in connection with the proposed works, payment at the rate of $3.00 par acre for such parcel shall be made as follows :—

By payment or application of payments already made to the Government of $1.00 per acre.

By application of credit in respect to the original expenditures at the rate of 60c. per acre.

By application of credit in respect to new expenditures at the rate of $1.40 per acre.

That before patents issue for any parcels as above the Department of the Interior must be satisfied by the report of its engineer that the amount of at least $1.40 per acre of such parcel has been expended in connection with the works contemplated by the proposed scheme.

That the maximum price for lands within the 500,000 acre tract shall be fixed at $5.00 per acre exclusive of water privileges, and any of the lands within the tract not sold at the expiration of fifteen years shall revert to the Crown.

That all squatters at present located within the area set apart shall be protected and have the right to make homestead entry for the land on which they are living.

That leaseholders within the tract shall be notified that their leases will be cancelled in two years in accordance with the clause in lease providing for same.

That the granting of this application will not interfere in any way with the rights of the Minister under The Irrigation Act to fix the prices governing the sale of water, he having been advised that he has full and absolute control of the rates to be charged both for water rights and water rates in connection with all irrigation schemes, and over by-laws already approved by him.

That an agreement shall be entered into with the company embodying the terms of this proposal.

The Committee submit the same for approval.

JOHN J. McGEE,
28-4 Clerk of the Privy Council.

The Minister recommends, as the land applied for is vacant in the records of the Department of the Interior, that he be authorized to reserve it during the pleasure of the Governor General in Council for Mounted Police purposes.

The Committee submit the same for approval.

ON a Memorandum dated 12th December, 1902, from the Minister of the Interior, submitting with reference to the application made by the Canadian Pacific Railway Company for permission to acquire the land necessary for the right of way and one ballast pit in certain School Sections, that under the provisions of The Railway Act, railway companies may acquire the land necessary in School Sections for the right of way and other purposes of the railway on

such terms as the Governor in Council may prescribe, and the practice has been in regard to other applications of this kind to sell the land at a valuation made by the Department of the Interior, and approved by the Governor General in Council.

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

CONSIDÉRANT que par l'article 245 de l'*Acte des douanes*, il est statué que le Gouverneur en conseil pourra faire des règlements—

" (r) pour prescrire la règle et les conditions en vertu desquelles des effets importés en entrepôt ou droits payés, et les produits du crû ou des manufactures du Canada, pourront être transportés d'un port ou lieu du Canada à un autre port ou lieu canadien, sur tout territoire ou toutes eaux situés hors des limites du Canada ; pourvu que les effets ainsi transportés soient, à leur arrivée en Canada de tout endroit situé hors des limites du Canada, traités, quant aux droits dont ils seront frappés ou exemptés, comme si le transport eût eu lieu entièrement dans les limites du Canada."

Et considérant que par l'article 195 de l'*Acte des douanes*, il est en outre statué que—

" Tous effets embarqués ou débarqnés, importés ou exportés, portés ou transportés, contrairement aux règlements faits par le Gouverneur en conseil, et tous effets, voitures et navires qui vaudront moins de quatre cents piastres, à l'égard desquels on ne se sera pas conformé aux dispositions de ces règlements, seront saisis et confisqués."

A ces causes, il plaît au Gouverneur général en conseil de faire les règlements suivants, et ils sont par le présent faits et établis, savoir :—

Les effets importés en entrepôts ou droits payés, et les produits du crû ou des manufactures du Canada, lorsqu'ils sont transportés dans ou remorqués par un navire d'un port ou lieu du Canada à un autre port ou lieu canadien sur toutes eaux en dehors des limites du Canada, seront transportés dans, ou remorqués seulement par des vaisseaux autorisés à s'engager dans le cabotage canadien, et en vertu de manifestes spéciaux de douane en la forme et sujet aux conditions que prescrira le ministre des Douanes, sauf tel que le Gouverneur en conseil le prescrira autrement ; pourvu que les effets lorsqu'ils sont transportés ou remorqués en conformité du présent règlement, soient, à leur arrivée en Canada, d'un endroit hors des limites du Canada, traités, quant aux droits dont ils seront frappés ou exemptés, comme si le transport ou remorquage eût eu lieu entièrement dans les limites du Canada ; pourvu de plus que les effets transportés dans ou remorqués par un navire qui n'a pas la permission de s'engager dans le cabotage canadien, en contravention au présent règlement, seront saisis et confisqués.

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

IL plaît au Gouverneur général en conseil d'ordonner que les clauses 1 et 2 des règlements concernant la vente des terres fédérales dans le Manitoba, les territoires du Nord-Ouest et le territoire du Yukon, contenant du pétrole, établis par l'arrêté en conseil du 31 mai 1901, soient et elles sont par le présent rescindées, et remplacées par les suivantes :—

Toutes terres fédérales vacantes dans le Manitoba, les territoires du Nord-Ouest et le territoire du Yukon seront ouvertes à un individu ou à une compagnie qui désirera y prospecter pour du pétrole. S'il s'élève quelque différend quant à savoir si les terres sont vacantes ou non, la question sera décidée par le ministre de l'Intérieur, et sa décision sera finale. Pourvu, toutefois, que le ministre pourra réserver pour un individu ou une compagnie qui a des machines sur le terrain à prospecter une étendue de 640 acres de la forme que le Ministre approuvera, et que la réserve pourra être faite pour la période qu'il décidera.

2. Si de l'huile en quantités payantes est découverte par un prospecteur sur des terres vacantes de la Couronne, et si cette découverte est établie à la satisfaction du Ministre de l'Intérieur, une étendue n'excédant pas 640 acres de terre, y compris le puits et tel autre terrain qui sera déterminé par le Ministre de l'Intérieur, sera vendu à la personne ou à la compagnie faisant cette découverte au taux de $1 l'acre.

Dans les provinces de Québec et du Manitoba.

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. L'honoraire de $200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

BANQUE DE MONTRÉAL.

AVIS est donné par le présent que la Banque de Montréal se propose, après que le présent avis aura été publié quatre fois dans la *Gazette du Canada* et quatre fois dans la *Gazette*, journal publié dans la cité de Montréal, de s'adresser au Conseil du Trésor afin d'obtenir un certificat approuvant le règlement suivant de la banque :—

Règlement No. 13.

Attendu que le capital-actions de la Banque de Montréal est aujourd'hui de $12,000,000, et qu'il est à propos de l'augmenter ;

A ces causes qu'il soit statué, par les actionnaires de la banque réunis en l'assemblée générale spéciale tenue au bureau principal de la Banque de Montréal, le septième jour de janvier 1903,—

1° Que le capital-actions de la Banque de Montréal soit, et il est par le présent augmenté de la somme de $2,000,000, divisé en 10,000 actions de $200 chacune (£50 courant.)

2° Le dit capital augmenté sera, lorsque les directeurs le détermineront, et de temps à autre s'ils le jugent bon, réparti aux actionnaires d'alors de la banque au *prorata*, et au taux qui sera fixé par les directeurs, mais il ne sera pas réparti de fraction d'action ; pourvu que les directeurs ne fixeront dans aucun cas un taux qui rendrait la prime (s'il y en a) payée ou payable sur ces actions ainsi réparties, plus élevée que la proportion du fonds de réserve de la banque par rapport à son capital alors payé.

3° Toutes actions réparties de temps à autre qui ne sont pas prises par l'actionnaire auquel cette répartition a été faite sous six mois à compter de la date où l'avis de la répartition est mise à la poste à son adresse, ou qu'un actionnaire refuse d'accepter, et toutes actions qui ne seront pas réparties à cause de la disposition qui précède touchant la répartition de fractions d'une action, pourront être offertes au public pour souscription, au temps, en la manière, et aux conditions que les directeurs prescriront.

E. S. CLOUSTON,
Gérant général de la Banque de Montréal.

[Ref. 749,764]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 3rd day of January, 1903.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Memorandum, dated 26th December, 1902, from the Minister of the Interior, stating that in the years 1892 and 1893, Messrs. John Mounce, John Morrison, Donald McLean and the Corporation of the City of Vancouver, B.C., purchased at the rate of $5.00 per acre certain fractional portions of land in sections 4, 5 and 8, Township 40, New Westminster District, for the purpose of rendering them fit for cultivation by dyking, portions of the lands so purchased were subsequently released by the purchasers, being required in connection with the Coquitlam Dyke. Part payments have been made by the purchasers and it has been represented to the Minister of the Interior that, owing to the fact that the work of dyking has been far more expensive than originally contemplated prior to the high water of 1894, and that much expenditure will still be required for under-draining the lands, it would be fair and reasonable to reduce the price to be paid by the purchasers.

The Minister, on the advice of the Agent of Dominion lands at New Westminster, recommends that he be authorized to issue patents to the purchasers on completion of the purchase money at the reduced rate of $2.50 per acre, the particulars in each case being as follows :—

John Mounce, legal subdivisions 15 and 16 of Section 5 and fractional legal subdivision 13 of Section 4, Township 40, East Coast Meridian, 76.20 acres.

John Morrison, that portion of the South-east quarter of Section 8 lying South of the DeBoville slough and East of slough Number 6, in Township 40, East of the Coast Meridian, 60.25 acres.

Donald McLean that portion of the South-east quarter of Section 8, lying North of the DeBoville slough, and West of slough No. 6, in Township 40, East Coast Meridian, 59.50 acres.

Corporation of the City of Vancouver, the fractional South-east quarter of Section 5, Township 40, East Coast Meridian, 65 acres.

The Committee submit the same for approval.

JOHN J. McGEE,
29–4 Clerk of the Privy Council.

The opening of the Royal International Exhibition of Athens has been fixed for the 25th of March, viz, 7th of April, 1903.

This Exhibition will certainly be visited by many thousands of people belonging to the Commercial and Scientific World of Eastern Europe, Athens being the center of the progressive movement of Industry and Trade of the Levant, and by its University the home of the Greek Element.

Possessing a situation and climate the finest in Europe, Athens, the most ancient city of the world is especially adapted for an International Exhibition in the East and will not fail to attract all those Manufacturers from the West who are anxious to open up new markets for their products, and a wide field in the future for commercial enterprises.

Many Eastern countries contain hidden resources, but none more than Greece where concealed under her soil lie sleeping treasures which only await the ploughshare and the hammer to bring forth untold wealth.

The Greek Nation in making great efforts in the way of progress has hailed with enthusiasm the announcement of this Exhibition, which may be said to be an appeal addressed to Western Industry by the Greek People.

Besides the great attraction of its Antiquities, unequalled by any other city, which yearly draw more than fifty thousand strangers to the Greek Capital, visitors to Athens will find specially organized Olympian Games, Races, Theatrical performances, and Concerts, held under the lovely sky of the Attic.

With all these advantages in view, we believe that many will hasten to participate in this Exhibition, and by so doing derive not only present advantage, but a very considerable benefit in the near future.
